

Asbestos Law - Client Feedback

“Just wanted to send a note of thanks on behalf of my family for your invaluable help and assistance in handling Dad's claim. You helped to make the whole process as easy as it could be in the circumstances and without putting undue pressure on my father. I never ceased to be amazed at the genuine compassion that you and the other Slater & Gordon staff I dealt with showed each time we had contact. Invariably the first question I was asked was how was Dad doing, followed by their best wishes. As I once said to you, I never envied your job, knowing that most clients were never far from death. Thank you also for the card you sent on dad's passing.”

“We were aware of the gaps in my mother's claim from day 1 and were it not for the professional support and advice we received from your company at the outset, we may not have proceeded. From the time Peter Gordon explained the No Win No Fee procedure, we were comfortable in going forward. We felt that we were kept informed throughout the case, and your staff were positive and pro-active...”

... Showing compassion whilst dealing with legalities must be difficult, but your team does it well. We came to your company because of your reputation in these cases and the result exceeded our expectations. Congratulations and thank you.”

“My wife and I would like to pass on our sincere thanks to you and all the staff at your office for the very professional and kind approach you shared during my case for compensation due to the asbestos related disease I have developed. We would especially like to thank Graham Pellen for the way he conducted the case, always keeping us well informed and treating us with the upmost respect. We found him very approachable and the case was handled in a very logical, practical and workman like manner. Once again many thanks. “

“Please accept this small gift with my grateful thanks for your help with my late husband's claim. I realise it is your job but your kindness and thoughtfulness went beyond the job classification. [My husband] was greatly comforted and relieved that the claim went through before his death. I wish all organisations were as efficient and caring as yourselves.

Your office always returned our calls and your assistant, Megan went out of her way to be helpful and caring. Many thanks from myself and all my family.”

I would also like to thank Rose Bilgin for her help and understanding.”

A letter to Margaret Kent (lawyer, Melbourne) following a successful claim for asbestos compensation.

“On behalf of my family and myself, I would like to thank you sincerely for your assistance in obtaining justice for my dear husband in his painful illness and ultimate loss of life. From the prompt response to our initial enquiry, to the efficient, sensitive and professional manner in which you and your staff handled the case, it has been of the highest possible standard.

Litigation is something which I would normally shun, but in this case, it was important to ensure that through cases such as this, businesses will come to know that they must be up front and responsible when marketing products which may be potentially dangerous.

Your firm should rightly be very proud of you Suzanne and we wish you the very best for your future, both professionally and personally.”

“...From my mother & our family we wish to thank you and your team for all the hard work and help in this case. My mum wishes to personally thank you for making such a complex matter seem easy and with as little fuss and involvement as possible. She felt very comfortable in dealing with you especially in the manner on how this case would be handled that was very important to her.

It has been a trying time for us all with many more hard hurdles to cross. We have had the most important question answered on how this occurred and obtained restitution from the responsible party.

Thank you and rest assured your efforts will never be forgotten.”
