Litigation Funding

Slater & Gordon is uniquely positioned to assist clients to access appropriate "litigation funding".

Industry Knowledge & Relationships

We understand the contemporary litigation funding market and maintain strong relationships with domestic and international funders. We can match clients with funders so that clients secure the best available arrangement.

Cost

We are prepared to create competition between funders and explore syndication to reduce the cost of funding. We are also willing to consider strategies aimed at containing litigation costs (a key driver of funding cost) including modified pricing, defined budgets and deferred fees.

Matter Management

Slater & Gordon is experienced in managing the litigation process – however complex; dealing with activity authorisation, reporting and funder involvement whilst maintaining the lawyer-client relationship.

Slater & Gordon have offices in:

- _ Victoria
